New Head of Molecular Biology

Since the beginning of 2008 Dr. Anne Schlüter is managing the department of Molecular Biology of CCS Cell Culture Service. She is taking over the function of Dr. Christian Bauer who has left the company at the end of the year.

Anne Schlüter will be in charge of the generation of recombinant cell lines and the development of cell based assays. As a graduated biologist Anne is looking back on many years of experience in this field and will collaborate with the partners of CCS very tightly.
